Presents a Novel set in the War of 1812

## ***The Bloody Boy***

On June 18, 1812, The United States of America declares war on Great Britain . . . and invades Canada. Thus begins the incredible War of 1812.

Jacob Baker, a former street urchin, now a grenadier in the 49th Regiment, Brock's own Green Tigers, is sworn to defend British North America and committed to protecting Nancy, the woman he loves, from the invading Americans. He is one of thousands of British soldiers who find themselves embroiled in Canadian History.

Jacob and his company are thrown again and again into the path of the invaders. He must survive battle, mutiny, the British Army, and the high casualty rate of the War of 1812 to get back to Nancy.

The *Bloody Boy* tells the gripping tale of a young man caught up in a war that seems, at times, stranger than fiction. A work of historical fiction, it describes historic events and people in accurate detail that makes it an ideal supplement to Canadian History Courses.

## **About the Author**

**Doug Thomas** was born, raised and educated in Upper Canada (Southwestern Ontario) sometime after the War of 1812. He continues to reside and to teach there.
